PRESS RELEASE

On Monday, November 17, Western Christian High School in Hull, IA performed bus evacuation drills as the buses arrived for the beginning of the school day. School Resource Officer, Deputy Waylon Pollema, assisted with the drills.

In case of an emergency it may be necessary for students to evacuate a school bus. The procedure for evacuating a school bus is not difficult but does require periodic training for bus drivers and student riders alike. Each bus has two student helpers designated to assist the driver during evacuations. The drill taught students what they should do in the event of a real evacuation.

Western Christian High School also provides busing service for students from Hull Christian School and the Hull Protestant Reformed Christian School.
