Dear SRO Pollema:

On behalf of the National Association of School Resource Officers, please allow me to be the first to congratulate you on your successful achievement to the status of *National School Resource Officer Practitioner*. Your designation identifies you as one of the elite School Resource Officers in the nation; you should wear your pin with great pride.

The designation of *Practitioner* indicates your high degree of commitment to NASRO, your school community and the young people you serve. Your dedication to this cause is to be applauded.

As a *School Resource Officer Practitioner*, you will face many new challenges. School Resource Officers nationwide will look to you as a source for information and advice. It is my hope you will respond in true NASRO fashion. I encourage you to remain involved in NASRO and your state association, in order to stay informed and prepared to serve your stakeholders.

If there is anything NASRO or I can do to help you or your program, please feel free to contact me. Again, I congratulate you on achieving this status and wish you well!

Sincerely,
